CONTENTS
Volume 38 (1988)

EDITORIAL 1–2

CASE REPORTS

Copper-binding protein in acute copper poisoning 3–11
by E. Kurisaki, Y. Kuroda and M. Sato (Fukushima, Japan)

A case of death from prothiophos poisoning 13–19
by T. Miyazaki, M. Yashiki, F. Chikasue, T. Kojima and H. Hibino (Hiroshima, Japan)

TECHNIQUES AND METHODS

Comparison of different techniques for the postmortem diagnosis of myocardial infarction 21–26
by E. Lachica, E. Villanueva and A. Luna (Granada, Spain)

Experimental evaluation of rigor mortis. VII. Effect of ante- and post-mortem electrocution on the evolution of rigor mortis 27–35
by T. Krompecher and C. Bergerioux (Lausanne, Switzerland)

A specific HPLC method for determination of β-blockers topically used in ophthalmological diseases 37–41
by A. Tracqui, P. Kintz, J. Himber, A.A.J. Lugnier and P. Mangin (Strasbourg and Kaysersberg, France)

The examination of paints as thin sections using visible microspectrophotometry and Fourier transform infrared microscopy 43–52
by J.M. Wilkinson, J. Locke and D.K. Laing (Reading, U.K.)

ORIGINAL ARTICLES

A pathologist's view of multiple murder 53–65
by D.J. Gee (Leeds, U.K.)

β-Endorphin in the brainstem, pituitary, and spinal fluid of infants at autopsy: relation to sudden infant death syndrome 67–74
by N. Hollander (Las Vegas, NV)

Illicit drug abuse in the Marmara region of Turkey 75–81
by S. Atasoy, F. Biçer, M. Açikkol and Z. Bilgiç, (Istanbul, Turkey)

Patho-anatomic findings in neck structures in asphyxiation due to hanging: a survey of 80 cases 83–91
by J. Simonsen (Odense, Denmark)

Fatal motorcycle accidents in the county of Funen (Denmark) 93–99
by C.F. Larsen and M. Hardt-Madsen (Odense, Denmark)

Linear rate of change in the product of erythrocyte water content and potassium concentration during the 0–120-hour postmortem period in the rat 101–112
by D. Querido and B. Pillay (Cape Town, Republic of South Africa)

Hepatotoxicity of dichloromethane 113–128
by K. Mizutani, K. Shinomiya and T. Shinomiya (Onsen-gun, Japan)

Studies and observations on Lewis grouping of body fluids and stains 129–137
by K. de Soyza and D.G. Garland (London, U.K.)

Deaths among drug addicts in Denmark in 1968–1986 139–149
by B. Kringsholm (Copenhagen, Denmark)

Book Review 151

Diary of Future Events 153–154

Erratum 155

EDITORIAL 157–160

CASE REPORTS

Deciphering the handwriting of the recently blinded: A case study 161–171
by J.F. Masson (Houston, TX)

Cyanide distribution in five fatal cyanide poisonings and the effect of storage conditions on cyanide concentration in tissue 173–183
by F. Chikasue, M. Yashiki, T. Kojima, T. Miyazaki, I. Okamoto, M. Ohtani and K. Kodama (Hiroshima, Japan)

Wide-bore capillary column gas chromatography in toxicological analysis of biological samples from multidrug overdoses fatalities 185–192
by M. Kłys and J. Brandys (Krakow, Poland)

Costal cartilage calcification pattern – a clue for establishing sex identity 193–202
by N.G. Rao and L.M. Pai (Mangalore, India)

Postmortem diagnosis of diabetes mellitus. Quantitation of fructosamine and glycated hemoglobin 203–208
by A. Valenzuela (Copenhagen, Denmark)

TECHNIQUES AND METHODS

Death time estimation in case work. I. The rectal temperature time of death nomogram 209–236
by C. Henssge (Köln, F.R.G.)

Rapid extraction of oxazepam from greyhound urine for high performance liquid chromatography analysis 237–241
by C.M. Moore and J.S. Oliver (Glasgow, U.K.)

Determination of paraquat from formalin-fixed tissue 243–249
by T.-L. Kuo and C.-Y. Kuo (Taiwan, China)

ORIGINAL ARTICLES

Histopathological lung changes in immune complex mediated anaphylactic shock in humans elicited by dextran 251–258
by K.-G. Ljungström, B. Revenäs, G. Smedegård, H. Hedin, W. Richter and T. Saldeen (Danderyd and Uppsala, Sweden)

Postmorten disposition of morphine in rats 259–273
by W.R. Sawyer and R.B. Forney (Indianapolis, IN)

Simple laboratory experiments to replicate some of the stresses on vertebro-basilar arterial walls. An investigation of possible mechanisms of traumatic subarachnoid haemorrhage 275–284
by A.M. Farag, A. Franks and D.J. Gee (Leeds, U.K.)

Extravasation of plasma proteins in brain trauma 285–295
by H. M. Liu and W.Q. Sturner (Providence, RI)

Subject Index Volume 38 297–300
